

Announcement of Orthopaedics International Conference 2020

Mallinath Gidaganti

Senior Consultant, Department of Orthopedics, Manipal Hospitals, India, E-mail: mallinathgidaganti@gmail.com

Orthopedics is a medical specialty focused on diagnosing; correcting, preventing, and treating patients with skeletal deformities— bone, joint, muscle, ligaments, tendons, nerves, and skin disorders. The musculoskeletal system consists of these components.

The musculoskeletal system of your body is a complex system of bones, joints, ligaments, tendons, muscles and nerves, helping you to move, operate and be alive. Once dedicated to the care of children with spine and limb deformities, Orthopedics are now taking care of patients of all ages, from new-borns with clubfeet to young athletes requiring **arthroscopic surgery**, to older arthritis patients.

Orthopedics 2019 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the field of Orthopedics and Arthroplasty. **Mallinath Gidaganti**, Manipal hospitals, India presented a Keynote speech on **“Percutaneous repair technique of acute closed traumatic tendo-achilles rupture using suture anchors and fibre wire”** **Chukwuemeka Mbagwu**, Mt Sinai Hospital, USA **“Quality improvement initiative: Reducing surgical site infections in medical facility serving the underserved population”** and **Sudarsana Gopalan N**, Manipal Hospital, India **“Multiple hole drilling in osteonecrosis of femoral head – promising and better method of core decompression in Asian population”**

With the grand success of Orthopedics 2019, we are glad to announce our next upcoming conference Orthopedics 2020 at Rome, Italy on September 21-22, 2020. The conference will serve as a platform to bring together leading Orthopedics Surgeons, Students with different specialties such as Rheumatology, Osteoarthritis, **Orthopedic Surgery**, Osteoporosis, Paediatric Orthopedics, Physical medicine and rehabilitation, Arthritis, General Orthopedics, Hip & Knee Reconstruction, Joint replacement surgery etc.
